01

The product

Exact dimensions, weight, fragility, and every component that must fit.

Separate what is confirmed from what still needs guidance.

02

The objective

Retail shelf, ecommerce shipping, PR gifting, launch kit, or subscription.

Separate what is confirmed from what still needs guidance.

03

The quantity

Expected initial run and the likely reorder pattern.

Separate what is confirmed from what still needs guidance.

04

The structure

Preferred format—or the practical problem the packaging needs to solve.

Separate what is confirmed from what still needs guidance.

05

The creative

Brand files, required copy, artwork status, and finish references.

Separate what is confirmed from what still needs guidance.

06

The logistics

Destination, target date, and any sample or approval requirements.

Separate what is confirmed from what still needs guidance.
